

REQUEST FOR ACCOMMODATION OF DISABILITY
Virginia Wesleyan University

It is the responsibility of the employee with the physical or mental disability who may require some type of accommodation to make the accommodation request to the Human Resources Department. The employee may be asked to provide additional documentation, specifically naming the functional limitations of the disability, to help HR and the University understand how the disability affects the employee with regard to performing the essential functions of his/her position. The employee, the Director of Human Resources, and perhaps the employee's supervisor may then discuss together the most effective way to meet the employee's request, and if that request can be accommodated.
