APPENDIX B

I, _____ give permission for the faculty members of the Bachelor of Social Work Program to discuss my knowledge, skills, ability, academic, emotional and personal preparedness among themselves, with other faculty members of Virginia Wesleyan College with whom I have studied and with representatives of health and human service agencies. These agencies may include potential practicum or internship sites. I also give Social Work Faculty permission to contact references I have listed on my internship application to discuss my readiness for internship. In addition I give my permission for faculty to discuss these same issues with potential employers or graduate school admission personnel.

I understand that my progression to internship is determined based on my overall academic preparation as well as my psychological and developmental readiness to work in the social work field. The final determination of my readiness is made by the Social Work faculty in conjunction with others covered by this release as deemed appropriate.

This release will expire one year from the date it is signed unless I withdraw my consent for this communication in writing.
